

# An Appeal to Our Community Help the Free Clinic Move Forward

## JSFC is Moving!!

Demand for services from the Jeanie Schmidt Free Clinic has continued to grow. Fortunately our volunteers and staff have responded, however, our current clinic space will not accommodate the people needing and providing help. In the coming months the clinic will re-locate to a new “service center” facility in Herndon, as part of the “**Connections for Hope**”. The new location for the clinic provides a slightly larger space, and the opportunity for connections for other non-profit organizations serving individuals in need. We need your support to make this happen.

### How Can You or Your Organization Help?
